## REPORTED GERMAN WARNING TO SWEDEN AGAINST TOLERATION OF AID TO FINLAND BY THE WESTERN POWERS

COPENHAGEN, Jan. 3 (REUTER).—GERMANY, IN A DIPLOMATIC NOTE, WARNED SWEDEN THAT SHE CANNOT ALLOW HER TO TOLERATE ANY HELP TO FINLAND BY WESTERN POWERS, ACCORDING TO THE BERLIN CORRESPONDENT OF THE BERLINGSKE TIDENDE.

HE SAYS THAT THE GERMANS DECLARE THAT THEY CANNOT ALLOW ENGLAND TO HELP FINLAND, ARGUING THAT BRITISH HELP WAS ACTUATED BY THE DESIRE TO ESTABLISH AIR AND NAVAL BASES IN NORTHERN COUNTRIES WHENCE ATTACKS COULD BE MADE AGAINST GERMANY AND RUSSIA.

### R.A.F. Pilot Describes Air Battle

LONDON, Jan. 3 (REUTER).—In connexion with the air battle (reported on page 4), it is learned that three R.A.F. bombers left their base on a patrol search for German warships.

About 80 miles from Heligoland, when flying in close formation at about 10,000 feet, they were suddenly attacked by 12 Messerschmidt 110 long-range fighters.

The pilot of the third R.A.F. machine said: "We were going south when suddenly the look-out man shouted 'fighters' and almost before he had given the warning I saw a stream of white tracer bullets flashing past the port side."

#### SERIOUS BATTLE

"I then realised that this was a serious battle and we hadn't seen the enemy because they came straight out of the sun."

"The first burst of enemy fire penetrated our fuselage but did no material damage and we found our selves fighting 12 enemy planes. More bullets entered our aircraft and some missed us by only a few inches."

Six Messerschmidts made three dual attacks upon the bomber which escaped after bringing down two of its attackers.

#### 'QUAKE RELIEF

LONDON, Jan. 3 (REUTER).—The British Red Cross has offered the Turkish Red Crescent £1,000 for the relief of distress caused by the floods and earthquake.

## N.Z. Soldiers Rally To Motherland's Support: Wellington Enthusiasm

WELLINGTON, Jan. 3 (REUTER).—Scenes of tremendous enthusiasm were witnessed in Wellington today when huge crowds witnessed a parade of New Zealand soldiers rallying to the Motherland's support.

Addressing the troops, the Governor-General, Lord Galway, P.C., G.C.M.G., D.S.O., O.B.E., said: "If we are to retain independence and liberty personal sacrifice is required of every individual man and woman in the Empire."

### NEW AMERICAN BATTLESHIP

Special to the H.K. Daily Press

WASHINGTON, Jan. 3 (Havas).—The new 35,000-ton battleship North Carolina will be launched in June. She is the first battleship to be constructed by the United States since the Washington Conference in 1921.

A similar unit, called the Washington, will be launched in September.

Five other battleships are at present under construction but their characteristics are being kept secret.

Wilhelmstrasse officials, the correspondent continues, are watching the steps taken by Britain and France and they assert that the Finnish question concerns Germany, as well as the northern countries, and that active British assistance to Finland would result in Germany immediately reconsidering her attitude towards Norway and Sweden.

#### DR. SUN FO'S VIEWS

CHUNGKING, Jan. 3 (REUTER).—The cause of the Soviet-Finnish war was due more to the fear of Germany using Finland for an attack on Russia than any direct Finnish threat to Leningrad, declared Dr. Sun Fo, President of the Legislative Yuan, in a speech here on December 23, the text of which is being published by the Chinese press in instalments.

Fear of Germany launching attacks on Russia via small countries like Estonia, Latvia, Lithuania and Finland, Dr. Sun Fo continued, promoted Russia's move, concluding with the non-aggression pacts with the small Baltic countries.

Dr. Sun Fo expressed the opinion that the Soviet-Finnish war was quite "unnecessary" since "despite the fact that Finland was being used by certain powers, Finland would not attack Russia while Germany is now too busy to attempt any attack on Russia."

He was of the opinion that the Soviet-Finnish war was different from the other recent wars and concluded by expressing confidence that the Soviet-Finnish war will be ended at an early date with Finland continuing to exist as an independent state.

## Nazi Purges Forecast

NEW YORK, Jan. 3 (REUTER).—The prediction that 1940 will bring purges in Germany was made by Dorothy Thompson writing in the New York Herald-Tribune.

She forecasts that Herr von Ribbentrop will be among the casualties and that the Nazi regime will encounter the strongest opposition from women and farmers during the year.

CHUNGKING, Jan. 3 (REUTER).—After a five-day visit, Mr. A. H. Seymour, Defence Secretary of Burma, and Mr. Nesbitt Hawes, Commissioner and Director of Posts of Burma, left yesterday by air for Rangoon.

During their stay they called on the War Minister, Mr. Ho Ying-ching and the Communication Minister, Mr. Chang Kiang-ai. It is understood that the visitors evinced much interest in communications between C.W.A.

The visit is stated to be unofficial both being on leave.

## NO MOBILISATION IN IRAN

LONDON, Jan. 3 (BWS).—Official circles here attach no credence whatever to rumours given out in certain foreign broadcasts of Russian troop concentrations on the borders of Afghanistan. The Afghan Government have officially denied there has been any mobilisation of their armed forces. Nothing whatever is known of any mobilisation in Iran.

## SUSPECTED MURDER

### BOY'S BODY FOUND ON HILLSIDE

A report of a suspected murder on the hillside above the Kennedy Road Rifle Range is being investigated by C.I.D. officers.

Full details are lacking but it is reported that the body of a boy, named Li Ping-sai, aged seven years, was found on the hillside and removed to the Public Mortuary.

The deceased, who lived with his mother at 19, Wing Fung Street, Wanchai district, had been missing since New Year's Eve.

Hui Yuk-mun, aged 20, a blacksmith of the Royal Naval Dockyard, has been arrested and detained, according to a police report.

MONTEVIDEO, Jan. 3 (REUTER).—A warm welcome greeted the British cruiser H.M.S. Ajax, one of the three warships that defeated the German pocket battleship Admiral Graf Spee, when she arrived here on a courtesy visit lasting two days.

The newspaper, Elida, with the widest circulation, had splashed a three-column appeal to the Uruguayan women to receive the men of the Ajax with flowers.

After a press reception aboard the cruiser, Rear-Admiral Sir Henry Harwood, K.C.B., who commanded the British Naval force during the battle, visited the President of Uruguay and the Foreign and Defence Ministers.

## Chinese Preparing To Resist The Japanese Northward Along The Canton-Hankow Railway

### Fighting In Progress On Nanning Front

CHUNGKING, Jan. 3 (REUTER).—Arrivals here by aeroplane from Shaokwan, strategic city on the Canton-Hankow Railway, near the Hunan-Kwangtung border, report that Japanese forces north of Canton are making a determined drive northward along the railway.

While a Japanese column along the railway is engaging Chinese troops in the vicinity of Yingteh, it is stated that Japanese forces east of the railway are trying to reach Shaokwan by breaking through the Chinese left-wing.

CHUNGKING, Jan. 3 (REUTER).—Chinese reports received here from the Nanning front say that fighting in that area is at present confined to Chinese attempts to seize three strongly-fortified positions north-east of Nanning, in the vicinity of the Kunlun-kwan Pass.

The Chinese have not been able to dislodge the Japanese

from the machine-gun nests guarding the pass.

#### CHINESE PREPARE

CHUNGKING, Jan. 3 (REUTER).—Following the arrival of Chinese reinforcements, it is thought here that the Japanese advance along the Canton-Hankow Railway, north of Canton, may be stemmed.

The Japanese attack appears to have been well-timed and launched when the Chinese were reorganising their lines. This enabled the Japanese east of the railway to advance northward in an attempt to outflank the Chinese troops holding the railway at Yingteh and to threaten Shaokwan from the southeast.

With the arrival of reinforcements, it is believed the Chinese will be able to fill the gaps in their line south-east of Shaokwan.

High Chinese commanders are personally directing the operations at the front in an effort to halt the Japanese advance northward along the railway.

#### SOUTH SHANSI

In South Shansi, the Chinese are exerting pressure on the Japanese forces in the triangular area comprising Hsiashiien, Wenhsi and Yungchen, it is claimed here.

A serious flood is reported in North Shansi, but no details are yet available.

Chinese reports claim that a Japanese naval scouting plane was shot down on the morning of New Year's Day above Hengyang, in South Hunan, by Chinese fighters.

#### "MOPPING UP"

HINGTSEI, SHENSI, Jan. 3 (Central).—Japanese attempts to complete the occupation of Shansi province by "mopping up" operations last year completely failed.

The Japanese put six or seven divisions, or over one-eighth of the total number of their men in China, on the Shansi field. Despite the use of planes and gases, they did not make any headway. On Continued on Page 6

## JAPANESE BRIGADE WIPE OUT

ON THE NORTH KWANGTUNG FRONT, Jan. 3 (Central).—It is officially claimed that an entire Japanese brigade, belonging to the Kono Division, operating along the Canton-Hankow Railway, on the north Kwangtung front, has been wiped out by Chinese forces.

Japanese forces driving from Tsengshing, on the East River area, also met with a severe reverse since the beginning of the New Year, several important key positions, including Methang and Ngaupeichai having been retaken by the Chinese.

## Significant For China And Japan

### U.S. Initiative Hailed

CHUNGKING, Jan. 3 (REUTER).—January will be significant for China as well as for Japan, declared Mr. Wang Chung-hui, the Foreign Minister, in a special broadcast to America yesterday.

Referring to the forthcoming expiration of the American-Japanese Trade Treaty, he hailed the United States initiative in ending the treaty as "undoubtedly a step in the right direction in view of Japan's violation of the Nine-Power Treaty and Japan's challenge to America's right to equal opportunity for trade in China."

Turning to the Sino-Japanese hostilities, Mr. Wang said: "We are confident of winning the war for the Chinese Army is becoming stronger every day through the experience gained in the battlefield."

Stressing the constructive work that China has been carrying on despite the hostilities, Mr. Wang Chung-hui declared, "China's position, both as a seller and a buyer, will, in the course of time, be greatly enhanced," and added: "You, material and moral strength has exerted and will continue to exert a powerful influence in shaping the destiny of the Far East."

## NAVAL, MILITARY AUTHORITIES DO NOT EXPECT DANGER HERE: TUESDAY'S SCARE—MOOT QUESTION

(SPECIAL TO THE HONGKONG DAILY PRESS)

"How will the public of Hongkong be informed in the event of an emergency arising which threatens the safety of the Colony?" This has become a moot question since Tuesday's scare which followed the closing of the harbour and gave rise to fantastic rumours that enemy fighting craft were outside the harbour.

In order to clarify the position the Hongkong Daily Press sought information from the Naval, Military and Air Force authorities. None of these sources were able to give a ready answer.

Eventually it was ascertained that neither the Naval nor the Military nor the Air Force authorities are at present willing to reveal plans of giving notice of the presence of the enemy as a warning to the public.

There was, however, a vein of confidence in the answers given by the Naval and Military authorities that no danger is expected in these quarters. The R.A.F. authorities were equally reassuring. In the case of civil defence, however, the public are already

questioned further as to what would happen if enemy fighting craft were sighted outside the Colony, he explained that the defence measures ordered would probably include a total black-out which would be notified by the sounding of air raid sirens.

"The sirens are not meant for use in the event of air raids only," he added, "and it is likely they may also be used for informing the public that raids of any other description may take place. It depends on the military and other authorities."

#### HUMOROUS ASPECT

The humorous aspect of Tuesday's scare is evident from the story current in town yesterday that the real cause of the alarm was the enthusiasm of an over-zealous Naval officer who mistook a school of porpoises for a submarine and thought it better to give the alarm before investigating.

## CHARITY FOOTBALL WAS GOALKEEPERS' DAY

### Cheung Wing-choi Splendid: Maxwell, Gosano On Form

BY "PILAT"

The feature of the charity football match in aid of the R.W.O.F. at Ca. saway Bay on New Year's Day was the bright display by Maxwell, of Kowloon, at right half. He worked consistently hard and on more than one occasion tried his luck in front of the Services Citadel.

The absence of Fung took the scheming out of the Rest attack though the good play of A. V. Gosano and Lee, especially the former, more than compensated for this while on the left wing, Han Ching-to was a constant source of worry.

It was the goalkeepers' day with Cheung Wing-choi giving a slightly more polished display than Robinson, the Navy custodian.

In the Services' attack splendid combination was to be seen between Hossack and Saw with Thorburn, at inside-right, doing yeoman service in assisting the immediate line. Puffield, on the left wing, put in much useful work.

## H.K. Golf Club: Competition Results

The following are the results of recent competitions held by the Royal Hongkong Golf Club:

### SENIOR SHIELD

The Senior Shield match at Canby Hill last Saturday saw Kowloon eliminated by South China "B". Ulrich and Pat Jorge were unfortunate to sustain leg injuries with the consequence that Kowloon, for a major part of the game, had only nine men. But even at this stage they managed to draw level with a beautiful goal scored by Vic who was playing on the right wing.

In the second half, Kowloon made valiant efforts to enter the second round, White going to the centre-forward berth, but to no avail.

Chan Tak-fai could not get going in his usual dashing manner being very carefully marked by Williamson. Blks. at left half, worked hard and was a good spoiler.

### FULLY EXTENDED

The holders, South China "A" were fully extended by Kwong Wah who, however, fell away after being one-all at the interval.

Chin Chi-fai, appearing for the first time in South China's line-up, showed great promise of developing into a first-rate left wing.

Lai Shiu-wing was in great form, bagging three goals, besides creating the openings for the other two scored by Lee Wai-tong.

Tam Kwan-kon was not as reliable as usual, while Lee Tin-sang and Mak Shiu-hon did not show much accuracy in their clearances.

Wong Wah-gay, despite receiving a kick in the mouth, played a great game between the sticks for the electricians.

Lau Fook-chuen showed enterprise among the forwards but Cheuk Shik-kam, inside-right, was a great disappointment.

### CLUB LUCKY

Though Club had a fair share of the exchanges they were rather lucky to hold the Royal Scots to a draw of 3-3.

The highlight of the game was the return to form of Fred Fowler, who gave his best display this season. Pryde and Beckford both rendered excellent support.

The halves played a useful spoiling game without being brilliant while Sid Surange was a tower of strength in the back division.

Hossack was a constant hard worker but received little support except from McDonald.

Purnaby, deputising for Falconer in the pivotal berth, proved an able substitute.

## BALL CLUB'S CLOSE WIN OVER CHUNG HWA WATCHED BY LARGE CROWD IN SUNDAY'S SOFTBALL MATCHES

### Cubs Battle Wahoos To Very Close Decision

Although no upsets were recorded, softball fans, who turned out at Prince Edward Road last Sunday, were given plenty of excitement as the lowly Cubs battled the Wahoos to a close 19-15 decision, after holding the lead for most of the game.

Not to be outdone, "Doc" Molthen's cellar contending Cardinals pushed the Wildcats to an even closer 16-14 margin, after staging a five run rally in the final frame.

### TEN WALKS

Lily Mar went the route for the Wildcats, but conceded 10 walks that helped the losers to garner their large score on only six hits. Ella Chinn, Doris and Mary Mar came through with extra-base hits that pulled the game around for the winners.

### LEADERS HELD

The Ball Club girls held the league leading Canadian Chinese, to one all, for the first four stanzas, but blew up over the final stretch to go down 11 to 3. Both hurlers, Mary Louie and Thelma Collico, showed plenty of the goods and each succeeded in fanning seven of the opposing batters, but the latter was chalked up with the defeat as her team-mates booted eight chances that allowed the winners as many unearned markers.

Jessie Wong connected for a double in the 'Maple Leafs' last counted for five tallies.

A well played game at Recreation resulted in a 9-5 win for the Ramblers over the unlucky Baby Panthers who fully deserved to have been much closer than they actually finished.

The winners erred twice to the losers' four times, but were out-hit 9 to 10. Irene Perera connected for 3-in-4 for the Ramblers, but the best stick artist

of the game was the Baby Panthers' skipper, Celeste Marques, who garnered four bingles for a perfect average.

### MINDANAO IMPROVED

The Mindanao gang improved their league standing by taking both legs of a double header in the Men's games, starting off with a 2-1 win over the Machine Gunners and lowering the curtain with a 2-0 triumph over the Central Brits.

As was expected, the sailor boys had things all their own way over their inexperienced opponents and even "Jughead" Cogdill's feat, of garnering four hits in each fracas, could not be considered outstanding.

### UNEXPECTED LEAD

The Hongkong Baseballers really went to town in the first stanza of their clash with the Recreation Aces, and tallied six times to jump into an unexpected lead.

With the fans enjoying visions of a possible upset, the Baseballers faded out and never looked like scoring again while the Reds went on to tally 11. Homeruns by Johnny Fonseca and Zinho Gosano took the spotlight in this clash but most creditable, although less obvious was Osmond's effort in garnering three of the losers' four singles.

### LARGE CROWD

Despite the poor attendance at the previous matches, a large crowd was on hand to witness the Ball Club-Chung Hwa battle, in which the former were very fortunate to finish on the right end

## FAMOUS FINNISH ATHLETE KILLED

HELSINKI, Jan. 3 (Havas).—The famous Finnish field and track champion, Erkki Tamila, was killed in action at the front.

of a 4-3 score. Hits were even at 5 apiece, but the winners miscued six times to the losers' twice.

The Ball Club scored first when George Souza batted in Ali with a long triple to centre field and later scored on Tuffy Chinn's wild pitch. Chung Hwa knotted the count in the fourth when Al Lau singled to drive in P. F. Choy and then scored on Ali's wild peg.

The winners regained the lead when Frankie Gonzalez and Ali, tallied in the fifth and stayed in front despite a Chung Hwa threat in the last of the seventh. In this frame, Babe Chinn grounded out to Dave Leonard, but Lefty Bowen dropped Nip Lum's easy fly to right.

Tuffy Chinn sent Nip Lum home with a rousing triple to centre field but was himself nailed halfway to the plate, in the absence of a coach to hold him at the Hot Corner. With two away, P. K. Lau rolled an easy grounder to Dave Leonard to end an excellent ball game.

## INCREASED STAKES SHOULD ATTRACT LARGER FIELDS AT FANLING RACES

### EASY RUGBY WIN FOR CLUB 'A'

The final score 30-3, impressive though it is, is not sufficient to demonstrate the superiority of the Club 'A' XV over the Navy 'A' in their friendly rugby encounter yesterday. The Navy could only get in three points through a penalty against their opponents, who held one man short.

Richardson converted the first three tries for the Club secured by Layalle, Stoker and Van Leeuwen. Burford and Taylor failed to convert from tries off Atkinhead and Wilson. Towards the end of the game, three more tries were scored by Wilson, Godfrey and Layalle, which Richardson and Taylor failed to convert.

The teams were:—  
Club:—Taylor; Wilson, Layalle, Atkinhead, Van Leeuwen, Hynes, Redmond, Stoker, Burford, Heasman; King, Benn; Godfrey and Richardson.

Navy:—Snell; Jeffries, Teare, Richards, Addis; O'Riordan, Chapman; Marron, Davis, Inglis; Longmuir, Barlow; Charles, Jones and Murray-Jones.

## CHARLIE CHAN AT KING'S TODAY

The first recent motion picture to show the blackout of war is "Charlie Chan in City in Darkness," the new 20th Century-Fox thriller, with Sidney Toler, which opens at the King's Theatre today.

This story shows the famous Earl Derr Biggers sleuth caught amid the terror and thrills that beset Paris during the days of

crisis, when the entire city was ordered blacked-out as a precaution against air raids.

The film shows how, under cover of this awful darkness, one of the most daring crimes was committed.

Lynn Bari, Richard Clarke, Harold Huber, Pedro de Cordoba, Dorothy Tree, C. Henry Gordon, Douglas Dumbrille and Noel Madison are featured in Toler's suspenseful cast.

## Continued Improvement In Palestine

### BETTER RELATIONS BETWEEN ARABS AND JEWS

LONDON, Jan. 3, (Reuter).—Latest authoritative advices received in London show that security and conditions in Palestine continued to improve during the month of December. There has been a steady increase in the recovery of arms both by surrender and seizure, particularly in areas where collection was formerly difficult.

**CORDIAL RELATIONS**  
Despite the fact that there remains some propaganda on pro-Mufti lines, the relations between the people and the Government are still more cordial.

A tendency for better relations between Arabs and Jews is apparent, especially in the Tel Aviv area.

Recruiting for the Auxiliary Pioneer Corps is making good progress.

## NO LIBERTY OF TALKING WITHOUT THE LIBERTY OF WRITING

### IMPORTANCE OF A FREE PRESS IN TIME OF WAR

LONDON, Jan. 3 (BWS).—The importance of maintaining a free press in time of war was strongly emphasised by Mr. J. A. Spender, veteran journalist, in a speech in London.

Recalling that during the American Civil War Abraham Lincoln had asked whether the United States could be half slave and half free, Mr. Spender said that was the question for the whole world today and, in a special sense, for the world press.

In half of Europe, he said, the free press was not only extinguished, but its machinery appropriated and distorted into an instrument of tyranny.

Dealing with the argument, plausible especially in wartime, for equalising press conditions between slave countries and the free he said that those favouring this stressed the apparent advantages obtained by suppression, not only of news likely to be useful to the enemy, but also of evidence of internal weakness.

### NAZI PROPAGANDA

"Throughout the neutral world German propaganda has become a laughing stock. Within Germany the ruling faction appears to be more and more at sea about the right use of a controlled press and about how much it dare disclose of the truth about its dealings with Russia, about aims of policy and about the course of the war.

"It needs, according to its own theory of totalitarianism, co-operation of the entire people and this people it feeds with foolish stories—the sinking of Athenia, British investigation of the Munich bomb plot, British incitement to Finland—to which no intelligent person would give credence.

What effect this has on the German people is beyond our guessing, but we can say with much confidence that it has destroyed German credit in other countries."

**A CONTRAST**  
Mr. Spender contrasted his picture with that of the British free press system, which, he said, gave the world the means of judging for itself and formed for the British Government a mirror of public opinion.

After dealing with necessity for self-discipline and stating that the first press duty was to be the supply of truthful news and honest comment, he concluded that without a free press "Parliament would be a secret debating society and the law courts star chambers. There is no liberty of talking without liberty of writing. Liberty of the press is everybody's liberty."

### EXECUTIVE YUAN MEETING

CHUNGKING, Jan. 3 (Central).—Detailed reports on the international and military situation were made by Dr. Wang Chung-hui and Gen. Ho Ying-chin, Minister of Foreign Affairs and War respectively, at the regular meeting of the Executive Yuan held here yesterday.

The meeting decided to relieve Mr. Hsu Chung-ching of the post of Commissioner of Education of Kwangtung and appoint Mr. Huang Lin-shu to succeed him.

The Nisshin Kisen Kaisha wharf in Changsha was re-named Renaissance Wharf at a ceremony on Tuesday.

## Germany's "Entirely New Weapons"

### U.S. PUZZLED OVER REMARKS BY JAPANESE GENERAL

WASHINGTON, Dec. 18 (Havas by Airmail).—Puzzling over the remarks made in Japan by Major-General Amei Oba, on his return to Japan from a visit to Germany, American military experts are at a loss to understand what the Japanese officer meant when he said the Germans have "entirely new weapons."

### NATURAL DEVELOPMENT

The New York Times had some pointed comments to make on General Oba's statement, recalling editorially that "when we examine 'entirely new weapons' against their historical and technological background, they always turn out to be natural developments of known chemical procedures or mechanisms."

Taking up General Oba's assertion that "the Frankfurt dye industry is employing 1,400 doctors and chemists in special researches, the Times make the following comment:

"Military research is no different from industrial research. The more closely we scrutinize revolutionary weapons, the more they turn out to be mere improvements over the old and to involve such matters as defence of battleships against torpedoes and mines, the rapidity of gun-fire on land and sea, radio signalling, alloys with specific military uses.

### COMMON POSSESSION

"Any such superiority would imply that the scientists engaged in purely military research are able to discover new principles with an ability and rapidity unknown to industry, whereas the truth is that the army and navy conscript the technologists of industries and universities and thus exploit knowledge which is the common possession of all nations."

### SHIPMENTS TO ECUADOR

The Consul for Ecuador has received a telegram from the Minister of Foreign Relations at Guayaquil advising him that as from Jan. 1, 1940 shipments to Ecuador will not require a Control Permit.

## HEAVY DEMANDS MADE UPON R.N.L.I.

LONDON, Jan. 2 (BWS).—The exceptionally heavy demands made upon the services of the Royal National Lifeboat Institution during the past four months, owing to the brutal and indiscriminate use of mines and torpedoes by Germany, are reflected in a review published today of the year's work of this great voluntary society.

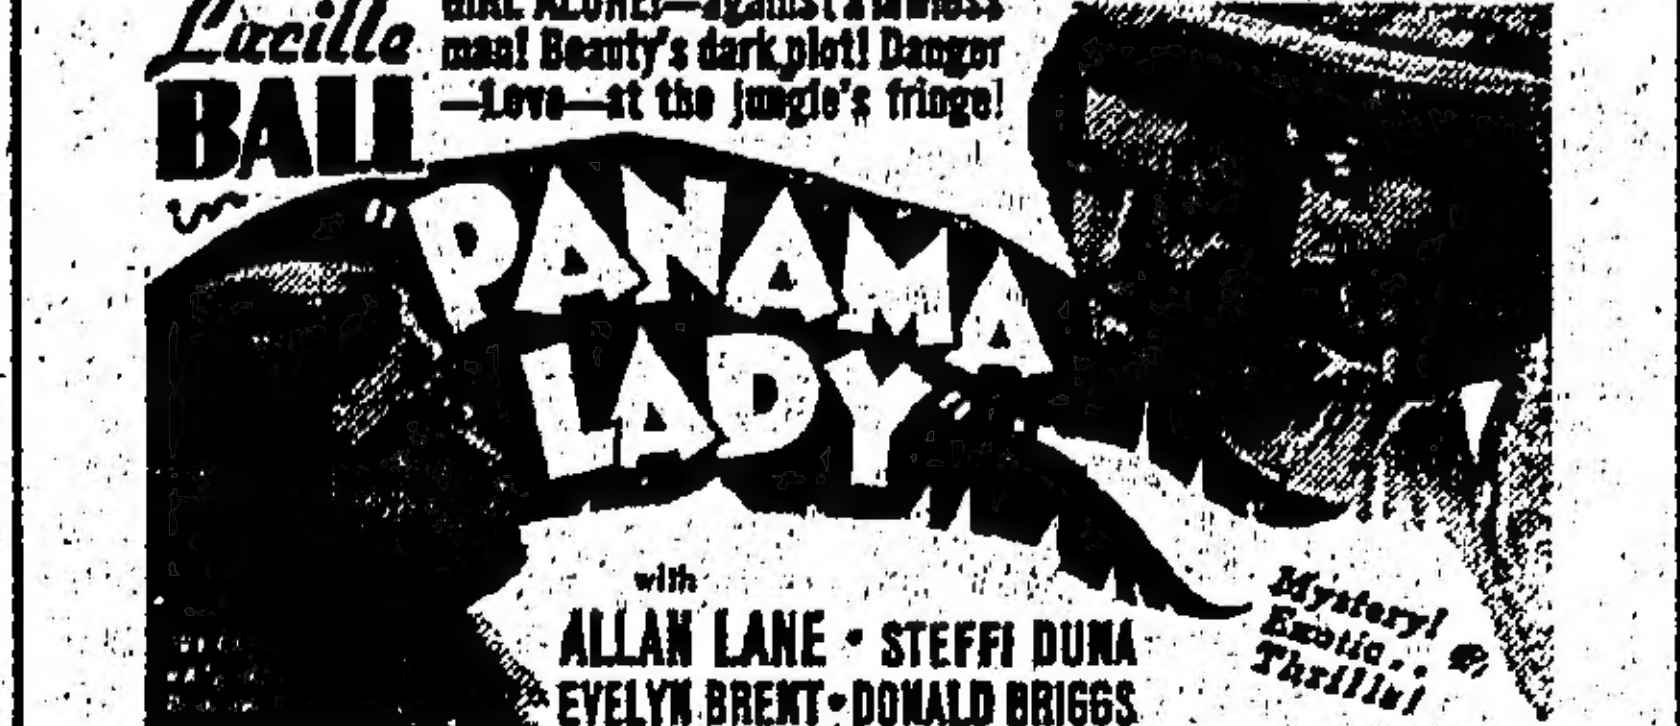

During 1939, 1,356 lives were saved constituting a record in the history of the institution the previous highest figure being 1,348 in 1917.

Since September 2, boats have been out 411 times and rescued 1,101 persons being an average of 64 in each war week. Twenty-four medals for gallantry were awarded during the year to members of lifeboat crews.

### Greetings

GOOD WISHES  
EXCHANGED WITH  
MUSSOLINI

Herr Hitler telegraphed: "On the occasion of the New Year, I express my heartfelt congratulations to you, Il Duce, in sincere friendship. Under your strong and tried leadership, may Fascist Italy, allied to National Socialist Germany, succeed in fulfilling its national tasks."

IL DUCE'S REPLY  
Signor Mussolini replied: "I reciprocate, in the same brotherly cordiality, the congratulations you expressed to me at the turn of the year. I express the same wishes for National Socialist Germany as you expressed to me for Fascist Italy, namely, that our united peoples may succeed in gaining their aims and securing their future."

MORE GREETINGS  
Herr Hitler also exchanged greetings with the King and Crown Prince of Italy, the Kings of Bulgaria, Rumania, Belgium, Denmark, Norway and Sweden, the Regents of Yugoslavia and Hungary, Gen. Franco, the Shah of Iran, the King of Afghanistan and with the Yemen, Siam, Slovakia, the Czech State and ex-King Ferdinand of Bulgaria.

## 8 Japanese Planes Shot Down

### AIR BATTLE OVER LIUCHOW

CHUNGKING, Jan. 3 (Reuter)—Eight Japanese pursuit planes were shot down by Chinese fighters in an aerial battle above Liuchow, in Kwangsi on Saturday afternoon, according to Chinese reports, received here.

It is stated that eighteen Japanese pursuit aircraft of the "ninety-six" type, reached Liuchow in the afternoon, when Chinese fighters took off from different air-fields in the vicinity and attacked the raiders from all directions.

In the course of a very severe battle lasting 15 minutes, it is claimed that the Chinese shot down eight Japanese machines. A Central News message adds that the Japanese were out-maneuvred in a spectacular dog-fight and chased out of the city limits.

## BIG AIR BATTLE:

### R.A.F. Outnumbered By Nazis: One Shot Down, One Missing

LONDON, Jan. 3 (Reuter)—A big battle between three R.A.F. bombers and twelve Nazi fighters was fought near the German coast yesterday.

The story is told by the Air Ministry in the following bulletin: "There has been extensive air activity over the North Sea yesterday and in the neighbourhood of the German coast during the afternoon."

"A formation of three R.A.F. bombers encountered a squadron of twelve Messer Schmidt long-range fighters well out at sea. The formation, although heavily outnumbered, gave battle to the enemy and one Messer Schmidt was shot down in flames. Two others were driven down and it is likely they have been lost."

One of the three R.A.F. bombers returned safely, the second was shot down during the encounter and the third is missing.

#### FOREIGN PLANES OVER BELGIUM

BRUSSELS, Jan. 3 (Reuter)—Foreign aircraft flew over Belgium, drawing fire of anti-aircraft guns.

Belgian fighters went up to intercept them. The planes are believed to be German, but official confirmation is lacking.

## U.S.-JAPAN RELATIONS

PRESS EXCEPTION TO GEN. HOMMA'S REMARKS

NEW YORK, Dec. 18 (Havas By Airmail)—The "New York Herald Tribune" takes sharp exception to the remarks made in Tientsin by Lieut. Gen. Homma of the Japanese Army who, in effect, is reported to have said that if the United States does not sign a satisfactory commercial treaty with Japan by Dec. 28, he is going to make it difficult for Americans in North China.

#### HEAVY STRAIN

The "Tribune" remarks that "although this little garrison commander quotes no higher authority than himself," his words might have created a sensation in the United States "if the European potentates had not been putting such a heavy strain on the world's capacity for being shocked, or startled."

"If these remarks on Japanese-American relations," the "Herald Tribune" goes on to say, "have left any doubt in the readers' minds that this Japanese blockade of the concession is a stick-up, General Homma's exposition of his attitude toward the British and French should dispose of it once and for all."

#### A "STICK-UP"

"He said that the blockade would continue indefinitely, even though Great Britain and France agree to a satisfactory adjustment of the Tientsin dispute, because that would not dispose of other questions outstanding between London and Tokyo."

"In other words, the reasons for the stick-up would survive local reasons for persecuting and browbeating Occidentals which might be construed as making them militarily necessary."

"The blockade would continue purely as an instrument of policy—purely and simply as a stick-up and as a striking illustration of the Japanese army's idea of diplomacy."

## China's Four New Year Resolutions

CHUNGKING, Jan. 3 (Central)—More than 1,000 Government officials and Party and military leaders gathered on Jan. 1 in the National Government headquarters here to celebrate the New Year and the 29th anniversary of the founding of the Chinese Republic.

Mr. Lin Sen, Chairman of the National Government who presided suggested four New Year resolutions to be carried out by the entire nation in order to bring the present war for national independence and freedom to a successful conclusion.

#### THE RESOLUTIONS

- (1) to realize the national policy as urged by the sixth plenary session of the Kuomintang Central Executive Committee,
- (2) to observe the regulations of the National Spiritual Mobilization and the National Pact,
- (3) to abide by the laws of the State and to enlist in the fighting services enthusiastically, and
- (4) to achieve local autonomy and lay the foundation of a Constitutional Government.

## Nazi Boast Of Destruction Of Defenceless Neutral Ships: Usual Exaggerated Figures

LONDON, Jan. 3 (Reuter)—The German boast that over one-million tons of Allied and neutral shipping was sunk is the usual exaggeration.

The average weekly loss of British tonnage for sixteen weeks is 25,500 and the average weekly increment by new construction and otherwise is 25,000.

The total losses to the end of the year are as follows:

Seventeen naval vessels, including eight warships of a total displacement of 58,120 tons, nine chartered vessels, namely, the Rawalpindi and eight trawlers, and drifters, of a total of 19,000 gross tonnage.

A total of 117 British, twelve Allied and 81 neutral merchant ships of a total gross tonnage, respectively, of 421,404, 70,101 and 243,222.

It is misleading to add gross and displacement tonnage.

Neutrals will doubtless note the German boast of the destruction of defenceless neutral merchant vessels.

#### LAST WEEK'S LOSSES

LONDON, Jan. 2 (BWS)—During last week three British and two neutral merchant ships, whose aggregate tonnage was 4,699, were sunk by enemy action.

They were the Stanholme, 2,473 tons, Barbara Robertson, 325 tons, Resercho (?), 258 tons, the Norwegian ship Lappen, 536 tons, and the Danish ship Hanne, 1,080 tons.

The Norwegian Torwood, 254 tons, sank on Dec. 26, but until further details are available it cannot be determined if she was a war loss.

The Italian ship Comitas, 3,492 tons, sank on Dec. 26, but until added to the total sinkings of the previous week.

The return for entrances and clearances from Dec. 11 to 20 inclusive is 1,454 vessels of 3,648,000 gross tonnage—an increase of 30 per cent. over the figures for the previous period, which comprised the first 10 days of December.

Last week's total losses are little more than one-fifth of the losses in the previous week ended Dec. 23.

## Honour For Athenia Heroes

### COURAGE SHOWN BY CHIEF OFFICER & BOATSWAIN

LONDON, Jan. 3 (Reuter)—The Chief Officer of the Athenia, Barnett Mackenzie Copeland, was awarded the O. B. E. and the Boatswain, William Harvey, was awarded the Meritorious Service Medal for their services when the liner was torpedoed by a submarine on Sept. 4.

#### OFFICIAL ACCOUNT

The official account states that the Chief Officer was responsible for loading and getting away twenty-six boats of survivors and the fact that this was done in darkness without hitch or loss reflects great credit on his powers of organisation and command.

After they had been taken on board a warship Chief Officer Copeland returned to the sinking liner to rescue an unconscious woman left in the Sick Bay.

Boatswain Harvey showed outstanding coolness and efficiency and accompanied Copeland in returning to the Athenia to save the woman in the Sick Bay.

## AMERICA'S PRIMARY NEEDS

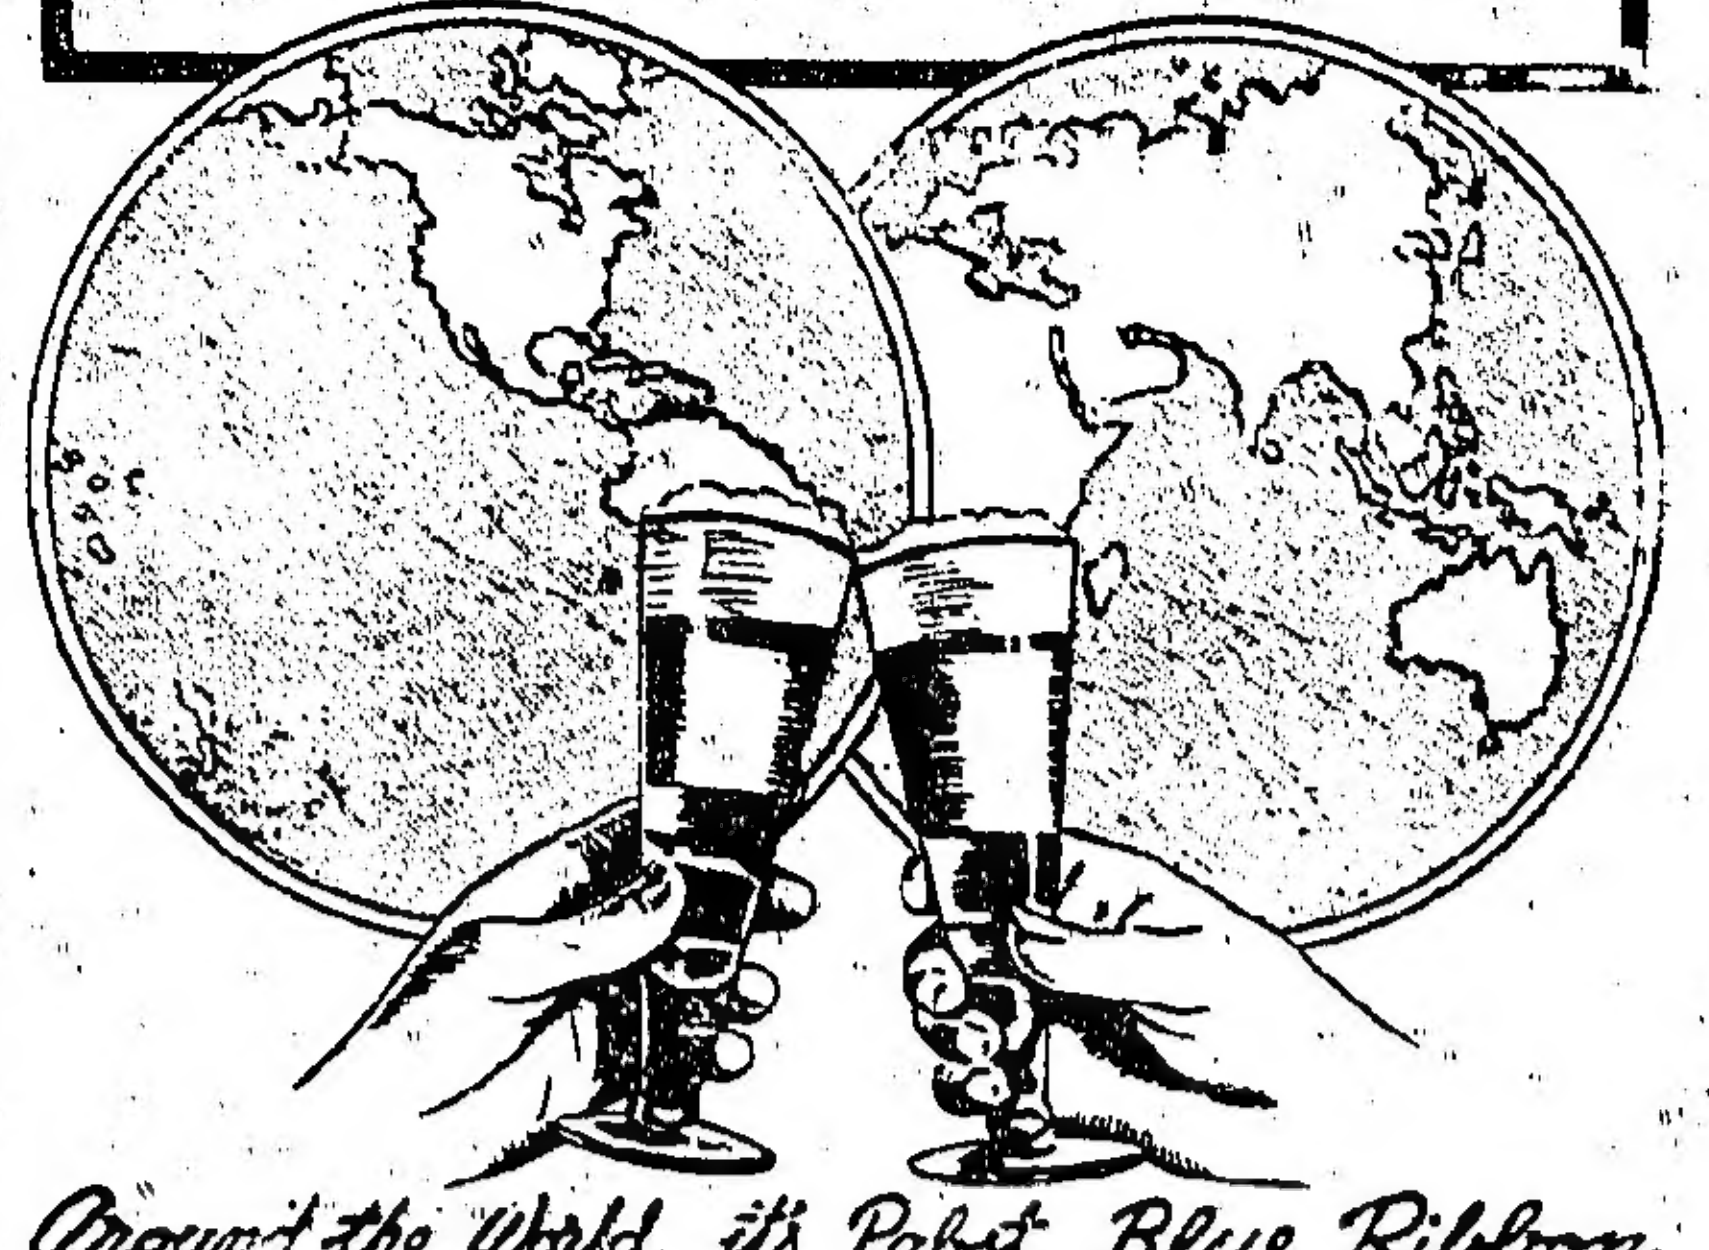

WASHINGTON, Jan. 3 (Reuter)—President Roosevelt's annual message at the opening of Congress today is expected to be devoted primarily to the need for stronger defences in view of world conditions.

#### NATIONAL UNITY

It is believed that he may also ask for greater national unity and less partisanship in order that America may present a united front in world peace efforts.

No startling innovations in legislation are expected, but a major battle looms over the continuance of the administration's reciprocal trade programme, which is due to expire on July 12, while few, if any, alterations are contemplated in the Neutrality Act, unless special legislation regarding Japan is sought.

### Nerves were in a Terrible Way — 'ASPRO's Surprise

1 Garden Street, Middle Brighton, S.S.

Dear Sirs,  
Last week I had 18 teeth out, and not being well my nerves were in a terrible way; in fact, I had to be taken home from the dentist. I went on for a couple of days in terrible pain with my head and eyes, due to my nerves, so I had to go to a doctor. On my way home I bought a packet of 'ASPRO'. I took three and laid down, and to my surprise I woke up feeling lovely. Now, if I feel a slight headache at all I fly to my 'ASPRO'. I think 'ASPRO' should be in every home. I could mention a few more facts where 'ASPRO' has done good in my home. Once tried, always used.

## Third Plaintiff Recalled In Mortgage Hearing

When hearing of the alleged false mortgage case was resumed before the Chief Justice, Sir Atholl MacGregor, in the Supreme Court yesterday, the third plaintiff, Chan Kwok-nim, was recalled, on the application of the defence, to give evidence in connection with a power of attorney executed in his favour in October by his brother, Chan Chung-wah, named as the party who had executed the mortgages forming the basis of the claim, and also in connection with a mortgage executed under the power of attorney.

## ASSAULT ON DOCTOR

### CHINESE SOLDIER CONVICTED

Dr. Tai, medical officer in charge of the Argyle Street Internment Camp, was the complainant again at Kowloon Court yesterday in a case against a Chinese soldier, charged with assault and disorderly conduct on New Year's Day.

### ALLEGED THREAT

Giving evidence, Dr. Tai said that at 5.30 p.m. on Jan. 1, as he was leaving one of the huts, the defendant, Yip Kwai, seized him and threatened him with injury.

A number of the other internees came to his aid, Dr. Tai said. He managed to get away from defendant, but the latter continued to throw stones at him as he walked across the compound.

In admitting the charge, defendant said he was feeling angry as he had no blanket.

### TROUBLE OVER BLANKETS

Insp. Rogers, prosecuting, said that during the recent transfer of the camp there had been considerable trouble over blankets as some of the internees had taken more than their share. The men, Inspector Rogers said, did not like their doctor, and would blame him for any trouble that arose.

Defendant was sentenced to two months' imprisonment on a conviction for assault and to a further one month's imprisonment on a conviction for disorderly conduct, the sentences to run concurrently.

## SHROFF CHARGED

How a shroff employed by Roman Catholic priests attempted to rob his masters was disclosed at the Central Court yesterday when Ngai Hel, 32, appeared before Mr. R. A. D. Forrest charged with giving false information and was remanded for 24 hours.

Inspector A. V. Baker said that defendant admitted that he had spent \$77 of \$500 which was entrusted to him.

The Catholic Fathers were not pressing the case.

## JUNK ROBBERY AT CHEUNG SHA WAN

### LARGE HAUL OF MONEY

While boat No. T3333 was at anchor in Cheung Sha Wan on Tuesday night, three men, one of whom was armed with a revolver, boarded the craft about 11.40 p.m.

Lai Mau, aged 45, partner, and another partner, Leung Ki, who were asleep in the cabin in the stern were roused by two of the marauders and had their hands tied behind.

The robbers then ransacked the cabin and stole \$550 in Hongkong \$10 notes and \$79 in Chinese currency, part of which was under the floor boards.

### ORANGE GAG

In the meantime, the Leung and Lai were in the robbers' boat. They were then taken back to their junk, Lai having in addition a small orange gag in his mouth, and placed in the cabin the robbers nailing the door from the outside.

The remainder of the crew of seven had been placed in the hatch the cover of which was nailed down.

HONGKONG, JANUARY 4, 1940

CHINA FACES  
1940

CHINA ENTERS the New Year with military strength growing, political unity as firm as ever, and confidence in final victory unimpaired. She has behind her two and a half years of armed struggle against an enemy who at its commencement was confident of subjugating her within a few weeks. During these two and a half years she has drawn renewed strength from unwavering adherence to the policy enunciated by Generalissimo Chiang Kai-shek on July 17, 1939, in the speech heralding the great national effort to once and for all remove the threat of Japanese aggression that for half a century had stunted the growth and menaced the independence of the country.

"WE ARE A WEAK NATION," the Generalissimo said then, "but if we are driven to the limit of endurance there is only one thing we can do—to throw every last ounce of the people's energy into the struggle for continued life. And when that is done, neither time nor circumstance will permit our stopping midway to seek peace. We should realize that to seek peace after war has once begun would mean to accept terms spelling the subjugation of our race and the complete annihilation of the nation. Let our people understand the sacrifice involved in this struggle. But we must bear all and fight to the bitter end in expectation of the final triumph. Should we hesitate and vainly hope for temporary safety, we shall perish forever."

MADE AGAINST A BACKGROUND of six years of gradual retreat before the encroachments of imperialist Japan this declaration was not then accepted at its full value by those who did not know the dynamics of China's political development since the Sian episode. The historically decisive nature of China's fight for freedom and the suitability of the leadership under which she embarked on it were proved later when these brave words uttered in the first flush of resistance took shape in steel and blood and unwavering resolution, through reverse and triumph, through the holocaust of Nanking and the renewal of Tientsin, through the retreats from Hsuehchow and Hankow and the bold counter-strokes in North Hupeh and at Changsha, through the rise of new bases of struggle in the rear of the enemy—from Inner Mongolia to the regions south of the Yangtze, through resistance and reconstruction in every corner of the land. Now even General Abe is constrained to admit

Lingnan Professor And  
Students Selected For  
American Scholarships

According to academic sources, two Lingnan University women graduates, and one member of the faculty have been recommended by the University authorities for fellowships and scholarships in the United States. This was in response to official letters of invitation received from two American academic institutions, requesting Lingnan's cooperation in choosing promising students as candidates for advanced studies abroad.

The lucky candidates chosen for possible future studies in American colleges and universities are:—  
Miss Kao Chao-Lan, graduate in Physics, for a one-year, U.S. \$650.00 Barbour Scholarship for Oriental Women, at the University of Michigan, Ann Arbor, Michigan, U. S. A.  
Miss Mok Shook Ying, graduate in Education, for one-year U.S. \$650.00 Barbour Scholarship for Oriental Women, at the University of Michigan, Ann Arbor, Michigan, U. S. A.

Prof. Y. L. Wu of the Department of Sociology at Lingnan University, recommended both a one-year Elizabeth Lowe Gamble Fellowship (U.S. \$1200.00) or a one-year Willard Straight Fellowship (U.S. \$1400.00) offered by the New York School of Social Work, New York, N.Y., U.S.A.

The above were selected by the

that in the minds of China's most able and forward-looking elements national progress and anti-Japanese struggle are inseparable, one inconceivable without the other.

YESTERDAY, withdrawals in the face of a stronger enemy. Today, opposition that everywhere halts her advance. Tomorrow, counter-attack. In every phase of national life, China marches through this three-phase odyssey of rebirth. The attack upon her has been military, political and economic. In every sphere she has managed to repel it and lay down the foundations for the defeat of the enemy. Because she recognizes that her international relations too must be based first and foremost on the interests of unremitting resistance, she has weathered the diplomatic storms of the past months without diverting an atom of energy from her fight or losing a real friend.

THE CONTRAST with Japan, which, while using both military force and political intrigue to break down China's will to live no longer has faith in either, has managed to arrive, in the third year of the "conquest of the raw materials of the Continent" at a disastrous shortage of the necessities of life, and desperately plays both ends of the European war against the middle in the hope of getting a jackal's morsel for herself is too obvious to require comment.

IT IS REASONABLY CERTAIN that the Chinese people's war of emancipation will not end in 1940. It is even more certain that the year will bring China closer to victory and the position of honour and equality amongst the nations for which she has long fought, and push the predatory fascist regime of contemporary Japan a step closer to the debacle which it has prepared for itself and which it so richly deserves.

NEWS

the contrary, they suffered serious reverses.

In the beginning of last year, about 20,000 Japanese launched an attack on Kihnsien, in west Shansi near the Yellow River bank, but were repulsed in less than a fortnight.

In April, the Chinese took the offensive and eliminated over 12,000 Japanese, scoring one of the greatest victories in this province.

## FIERCE DRIVE

A fierce drive on Luilin, Chihkwang and Kunlu, Yellow River crossings in west Shansi, was launched by the Japanese in June in an attempt to cross the stream for an invasion of Shensi. The drive ended in disaster.

Later, a drive towards the Chinese positions in the Chungtiao mountain range, in South Shansi, and towards Yuanku, on the Shansi-Honan border also failed.

In an attempt to dislodge the Chinese from their bases in southeast Shansi, the Japanese launched large-scale "clearing up" campaign there in the beginning of July. Large numbers of men, massed from North Honan and South Shansi, made a push in several columns. Fighting raged for three months. By September the Japanese dream to clear up southeast Shansi was dashed.

## TOWNS RECAPTURED

The Japanese drive towards the Luliang mountain range to the west of the Tatum-Puehwa Railway was also repulsed in the middle of November. A number of important towns, including Shiangling, southeast of Kihnsien, were recaptured by the Chinese.

The Japanese launched their tenth "mopping up" campaign in the Chungtiao mountain range in the beginning of December, but were again defeated following about a fortnight's fighting. They suffered about 5,000 casualties and the Japanese commander was reported to be among those killed.

## HEAVY CASUALTIES

TUNGKUAN, Jan. 3 (Central)—Heavy casualties were inflicted on the Japanese at Erling, south of Chiehshien in south Shansi, in a Chinese attack a few days ago.

A Japanese counter-offensive near Yen-changchen, southeast of Wensi, was repulsed last Sunday.

The Chinese have been subjecting the Japanese at Fengshienmiao, southeast of Yiehing, to an enveloping attack.

## NORTH KIANGSI

KAOAN, KIANGSI, Jan. 3 (Central)—Fighting is raging unabated in North Kiangsi.

Liaochapin, Peltzechiao, Liufeng-chiao and Liaochiatat, all south of Tsinan, 30 miles northwest of Nanchang, have been recaptured by the Chinese.

On December 31 the Chinese broke into the northern part of Fengshien city, 23 miles west of Nanchang. They set fires to two Japanese supply depots and seized many rifles, tin helmets and gas masks.

Several Chinese attacks were made at Changkungtu and Tanki on the Shu River. Tanki was subsequently recaptured yesterday morning.

## JAPANESE SURROUNDED

SZEWUI, Jan. 2 (Central)—The Japanese at Leungchow, 17 miles north-east of Tsungfa, are reported to be surrounded.

An attempt was made by the Japanese to cross the Pakong River on December 30. Three of their boats were sunk and several damaged by Chinese fire. A number of them were killed.

## SOUTH HUPEH

CHANGSHA, Jan. 3 (Central)—The Japanese in South Hupeh have lost many men in their futile counter-attacks on Tasha-

## Hello &amp; Goodbye

(BY A. W. HYER)

Within the next few weeks two new steamers will arrive on their maiden voyage. They are the De La Rama Steamship Co.'s Dona Aurora, which is due at the end of the week from Manila, and the O.S.K. steamer Brazil Maru, sistership of the Argentina Maru, which will pay her first visit here en route round-the-world, at the end of the month.

Many travellers will be sorry to hear that the m.v. Victoria, this little proud beauty of the Lloyd Triestino, and formerly travelling between the East and Mediterranean ports, has been shifted to the latter locale and will not visit our port for some time to come.

And many members of the shipping fraternity are interested in the newly reconditioned President Quezon, formerly the President Madison which sailed under the old Dollar Line house flag. This steamer should be in harbour during this month en route to Manila.

## Imperial Airways

The Wednesday, 7 a.m. service of Imperial Airways, with Captain M. Brunton in command of the R.M.A. Della, departed for Bangkok. Mail load totalled 227 kilos.

Lieut. M. A. Langley, R.N., was dashing off to Southampton.

## Air France

It was the Ville de Bagdad which arrived on Wednesday at 5.30 p.m. on the Air France's weekly call in Hongkong. Due to disrupted connexion in Hanoi (the inward plane from France only arriving in the Indo-China city today) the mail load totalled only 8 kilos.

Travelling from Hanoi were Mr. A. Gimson, of Shanghai, and a Mr. W. Davis.

## British Liner

Bound for the south and Europe a British liner departed our shores lately.

Captain D. E. Klibee, the well-known skipper of the Jardine fleet, bid a permanent adios to the waters and country he knows so well. The Captain is retiring from active service and is journeying home to England. Many friends and colleagues gathered at the pier to bid him a fond farewell.

Vacation-bound to England was Mr. A. J. Robbani, who holds the rank of Chief Officer in the Indo-China S.S. Co. He was very excited over his forthcoming call at home; it has been "yars and yars" since he said hello to his native land.

Still more personnel of the Indo-China S.S. Co. travelling on holidays, Mr. E. E. Nicholls. It is five years since his last call in Hongkong.

# CRACK RUSSIAN TROOPS NOW FACING MANNERHEIM LINE: NO OFFENSIVE YET

## Operations Paralysed By Temperature Of 40 Degrees Below Zero

VIBORG, Jan. 3 (Reuter)—Reuter's special correspondent, who has just returned here from a visit to the neighbourhood of Vuoksi, on the eastern side of the Karelian Isthmus, confirms that crack regiments from Central Russia are now in the Soviet front lines facing the Mannerheim Line.

These are really first-class troops, well-clothed and equipped with up-to-date gas-masks on the German model.

## Back With Bullet - Wound In Her Head

### HITLER'S ENGLISH 'GIRL FRIEND'

LONDON, Jan. 3 (Reuter)—Miss Unity Mitford, Herr Hitler's "English Girl Friend," is now on her way back to England with a bullet-wound in her head. She was expected home today.

It is reported that Herr Hitler personally ordered the arrangements which have resulted in her coming home and it is understood that she is recovering from the wound through either Belgium or Holland.

### PRO-NAZI SYMPATHIES

Miss Mitford, daughter of Lord Redesdale, has long been known for her pro-Nazi regime sympathies. She arrived in Germany shortly before war was declared on one of her usual visits and was unable to leave the country again.

Soon afterwards, it was said, she had tried to poison herself after a quarrel with Herr Hitler and that she had been sent to a Munich nursing home.

Now, however, it appears that she has a bullet-wound in her head. Her father today is waiting at a channel port for his daughter and has completed arrangements for her to finish her journey in an ambulance.

## NOT FIRST TIME

### TECHNICAL NAZI AID FOR SOVIET

LONDON, Jan. 3 (Reuter)—"If Mr. Stalin receives technical reinforcements from Germany to help him in the war against Finland, it will not be the first time that the Red Army has been stiffened with German military instructors," says Reuter's military correspondent.

### PRE-HITLER DECADE

"In the pre-Hitler decade, thousands of German professional officers and N.C.O.'s were employed with the Soviet armies, but Herr Hitler recalled them when he rose to power.

"The purge of 1937, when M. Stalin removed or executed many of his own officers, arose directly from the influence exercised on their outlook by German training."

### NAZI MISSION

LONDON, Jan. 3 (Reuter)—In response to an appeal from M. Stalin, Germany has sent a Military Mission to Leningrad to aid the Russians to fight against the Finns, states the News Chronicle's Amsterdam correspondent.

M. Stalin's request was for the assistance of German officers who had fought with the Finns during the war of liberation in 1918 and those form the bulk of the Mission. It is stated that the German War Office had considerable difficulty in persuading these men who twenty-one years ago fought alongside Gen. Mannerheim now to turn against him.

PARIS, Jan. 3 (Reuter)—Mr. Clement Attlee, Leader of the Labour Opposition, arrived at the headquarters of General Lord Gort, V.C., somewhere in France. Mr. Attlee is visiting the forward area and inspecting the front line defences today, accompanied by Lord Gort.

## MME. CHIANG'S MESSAGE TO AMERICANS

NEW YORK, Dec. 18 (Havas) By Airmail)—The Golden Rule Foundation of New York has received a message from Madame Chiang Kai-shek, addressed to the American people, in which she expresses the hope that they "will never experience the horrors that have come in the place of Santa Claus to so many of us this Christmas."

The Golden Rule Foundation, under the Presidency of Charles V. Vickrey, is conducting its annual international Golden Rule campaign.

The message from Madame Chiang emphasized the need for funds for the relief of war-torn China.

## MASS AIR ATTACK ON BRITAIN?

### GOERING REFUSES TO TAKE THE RESPONSIBILITY

LONDON, Jan. 3 (Reuter)—An important German industrialist just returned from Berlin states that Herr Hitler has ordered Field-Marshal Goering to make a tremendous mass air attack on England, reports the News Chronicle's correspondent in Budapest.

Field-Marshal Goering's closest friends say that he replied that he will do so only upon the Fuehrer's written order, upon which he will command the leading squadron himself, but he refuses to take the responsibility for ordering what he considers will be a terrible catastrophe for Germany.

This, says the correspondent, is apparently the cause of Field-Marshal Goering's retirement to his own estate and the break between him and the other Nazi leaders reported by many neutral observers from Berlin.

## British, French Envoys Leaving Moscow

MOSCOW, Jan. 3 (Reuter)—Sir William Seeds, British Ambassador in Moscow, has left for Bucharest en route to England.

According to the News Chronicle, M. Naggiar, the French Ambassador, is also leaving shortly on "indefinite leave."

### SPECULATION IN LONDON

LONDON, Jan. 3 (Havas)—Much speculation has been caused by the announcement that Sir William Seeds is coming back to London on furlough. The decision in itself does not constitute a surprise, but political circles wonder whether Sir William Seeds is returning to Moscow after his five weeks' rest and most of them express the opinion that circumstances will not permit him to resume his functions.

Such a decision would not be tantamount to a severance of diplomatic relations, as the Embassy will be entrusted to the Charge d'Affaires. Nevertheless, the opinion is generally expressed that the attitude of the Soviet press and radio does not contribute in any way to facilitate good Soviet-British relations.

On the other hand, Britain feels morally bound to help Finland and will do so regardless of the consequences. It is up to Russia to restore normal diplomatic relations by stopping aggression and recalling her troops from Finland, according to authoritative opinion. Political circles also note that

## Austrians' Part In Fight For Democracy

LONDON, Jan. 3 (Havas)—"Austrians in their country and in exile are carrying on the struggle for their Fatherland's freedom and democracy," a manifesto published by the newly created Austria Office declares.

The manifesto is signed by Count Huyn and by several former Austrian ministers, one Socialist deputy of Vienna Parliament and one leader of the Christian Trade Unions.

### A NEW ORDER

The Austria Office desires not only a free Austria, but also to help to bring about a new international order based on compulsory mutual assistance and effective economic co-operation in union based upon the limitation of the national sovereignty of every associated state.

The manifesto asserts that Austria could serve as an example to such a new order by promoting a Federation of States in the Danubian Basin.

## NETHERLANDS TRADE DISCUSSIONS

LONDON, Jan. 3 (Reuter)—The Netherlands' trade delegation, which recently has been discussing commercial questions arising out of the war, with the British authorities, is shortly returning to London after spending Christmas in Holland. Reuter's correspondent learns in official circles.

It is hoped that an agreement may eventually be concluded on similar lines as that between the Allies and Belgium, affecting import into the Netherlands of materials regarded as contraband but nevertheless destined exclusively for Dutch consumption.

It is believed that trade between the Netherlands and her colonial empire will be one of the points particularly at issue insofar as re-exports into Germany of materials so imported into the Netherlands is concerned.

## AMMUNITION FOUND HIDDEN IN FIELD

DUBLIN, Jan. 3 (Reuter)—About two-and-a-half tons of ammunition, believed to have been stolen from Phoenix Park, were discovered by the police in Northern Ireland hidden in a field.

The total recovered now is approximately 23 tons out of a total of 28 tons stolen.

## Heavy Blow To German Trade

### RIVER DANUBE FROZEN

BUCHAREST, Jan. 3 (Havas)—The Danube is now completely frozen and closed to navigation. The situation is a heavy blow for German trade as the railway running through Poland is still disrupted and the only way for Rumanian exports to reach Germany is by the Hungarian Railway, which over-taxed.

### TRADE ARTERY

The importance of the Danube as a trade artery is indicated by the fact that eighty per cent. of Rumanian petrol and the total wheat exported to Germany usually take the Danube route.

It is impossible to foresee how long traffic will be interrupted, as the river remains frozen for periods varying from year to year from one week to three months.

## U.S. Protest To Britain

### DETENTION AND CENSORSHIP OF AMERICAN MAILS

NEW YORK, Jan. 3 (Reuter)—The United States Government has protested to Britain about the stoppage of American mail bound for Germany. The United States, says the protest, cannot admit the right of British authorities to interfere with the function of American mails carried in American or neutral ships nor can the United States admit the right of the British to censor mails transported in vessels which involuntarily enter British ports.

### 1,250 SACKS SEIZED

It is said that over 1,250 sacks of mail destined for Germany have been seized in four cases.

British quarters in Washington state that the British "censorship" is to prevent foreign currencies from reaching Germany.

Whatever the judicial view adopted by the British Government's reply is, these same quarters emphasize that the British reply will be considered and courteous.

## FLOODS SWEEP OVER THE QUAKE-STRIKEN AREAS OF TURKEY

### WHOLE OF WEST ANATOLIA UNDER WATER

ANKARA, Jan. 3 (Reuter)—Hundreds of lives continue to be lost as the floods sweep over the earthquake-stricken areas of Anatolia. Today the whole of western Anatolia is under swirling flood waters and it is now stated that the flood toll figures are even worse than at first expected.

### SOVIET ATTITUDE

Moscow's attitude towards the Turkish earthquake and flood disaster is the subject of comment in semi-official circles in Ankara.

It is pointed out that, in direct opposition to the attitude of Britain and France, Soviet Russia has sent neither condolences nor offers of help.

### SWEDISH SHIP STRIKES MINE

LONDON, Jan. 3 (Reuter)—A Swedish ship of 1,900 tons has hit a mine and sunk.

The accident happened a few days ago, but reports of the disaster were not forthcoming until last night. Most of the crew were rescued by a Norwegian ship which

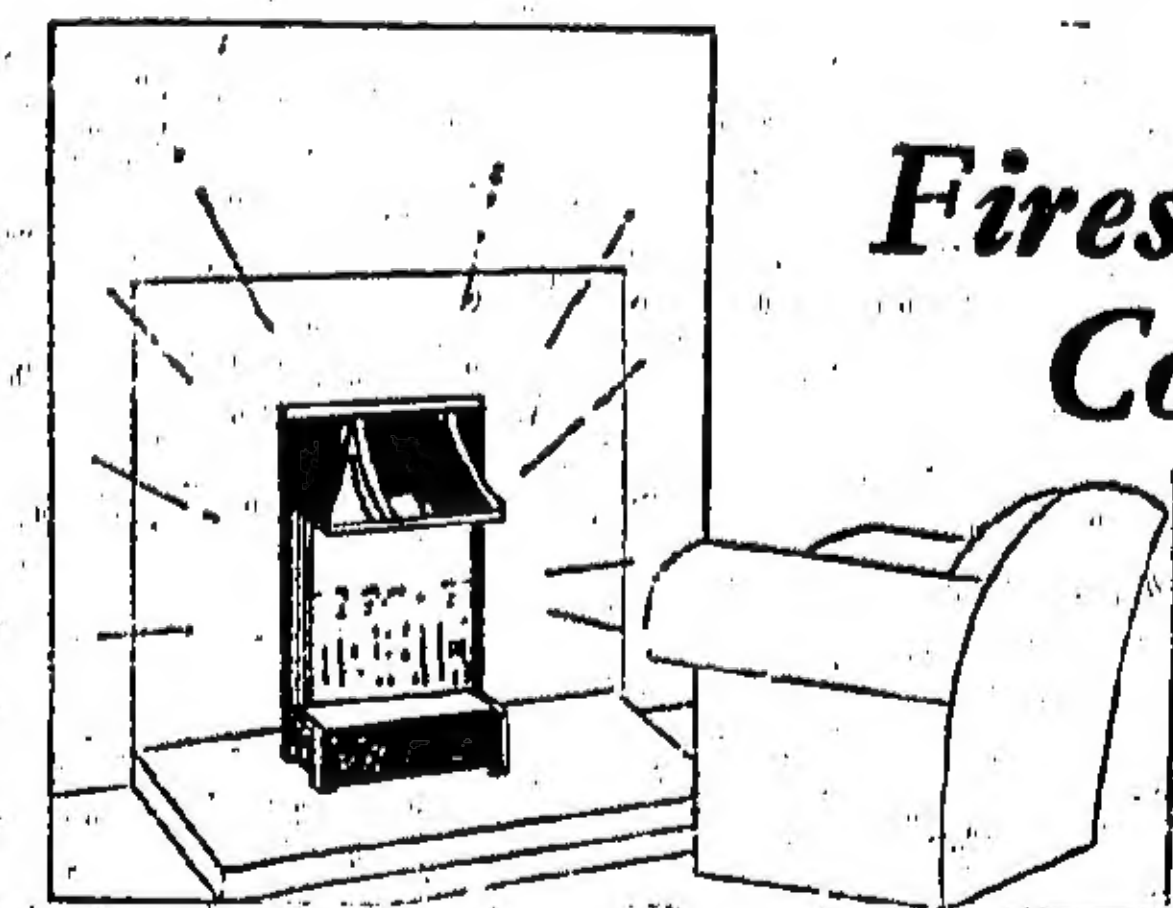

LONDON, Jan. 3 (Reuter)—Large numbers of the two-million men due for calling up in the next few months will be sent abroad for training, according to the News Chronicle, which adds that the places chosen include France, Africa and Palestine.

Besides the billeting strain, the scheme will provide additional forces at strategic points.

## China Develops Wool Trade: Foils Japanese Plan To Seize Stocks

Effective measures for the control of the wool industry in China have been enforced by the Foreign Trade Commission of the Ministry of Finance. These measures are calculated on the one hand, to improve and increase the wool production and on the other, to counteract Japanese attempts to seize the wool in North China.

The commission began its comprehensive programme first in the provinces of Kansu, Ningxia and Chinghai which produce more than 200,000 piculs of wool annually. An office was established in Lanchow in March, 1938, which co-operated with the Kansu provincial government for a wholesale purchase of all the wool produced in the three provinces. The commission contributed 80 per cent of the \$2,000,000 capital placed at the disposal of the purchasing office.

**SOVIET CONTRACT**  
A new era of development in China's wartime wool industry was marked in June, 1939 when a contract for the export of wool to Soviet Russia was concluded by the commission. Four consignments of wool, totalling 44,000 piculs, were sold to Soviet Russia for \$1,866,100.

Measures for the improvement of the wool industry include a wool-cleaning factory established at Lanchow. It is also planned to improve the stock of Chinese sheep and goats through cross-breeding with imported pedigree stock.

**FOILING THE JAPANESE**  
With a view to preventing the Chinese wool from being seized by

## NEW U.S.-JAPAN TRADE TREATY ADVOCATED

NEW YORK, Dec. 18 (Havas by Airmail).—Mr. William R. Castle, former Under-Secretary of State, in a radio forum recently, advocated the signing of a new Japanese-American Trade Agreement to replace that which expires January 26.

To let the agreement lapse without renewal, he said, would work economic hardships on both countries. If expiration were followed by an embargo, he added, "Japan could only believe that we want war," and would turn to a bloc with Germany and Russia.

## CHINESE REQUEST TO U.S.A.

### Economic Sanctions Against Japan

CHUNGKING Jan. 3 (Central).—The Standing Committee of the Chinese People's Foreign Relations Association decided at a meeting yesterday to cable to President Roosevelt requesting him to adopt economic measures against Japan after the expiration of the U.S. Japanese Treaty of Commercial and Navigation on Jan. 20.

A tea reception will be given by the Association at the International Club in honour of M. Henri Coombs, the French Ambassador to China, tomorrow afternoon.

Preparations are being made for the opening of branches of the Association in Hunan, Kweichow, Perak, Johore, Malacca, Selangor, and other places.

Construction of the new Association building in Chungking has been completed. It will be opened to public inspection on Jan. 14.

## "BOWL OF RICE" PARTIES IN AID OF CHINA

NEW YORK, Dec. 18 (Havas by Airmail).—Two "bowl of rice" parties given by the United Council for Civilian Relief in China, in November, netted a total of \$17,182.98 for China war relief. It was announced.

One party staged in "China-town" on Nov. 7 brought in \$9,213.08 and another two days later in the Hotel Pierre netted \$7,969.90. Similar parties are being planned in 230 American cities.

## ACUTE SHORTAGE OF FAT IN GERMANY: REVIEW OF NAZI FOOD PROBLEMS

AMSTERDAM, Jan. 3 (Reuter).—A comprehensive review of German food problems is given in the Nieuwe Rotterdamsche from its Berlin correspondent, in which the writer assesses German self-sufficiency in foodstuffs at between seventy and eighty per cent, except for fats, which are fifty per cent.

The deficiency is normally made up by imports. Sufficient stocks were accumulated in the last twelve or eighteen months. Nevertheless the fat problem is at a critical point.

Desperate efforts are being made to produce fats from coal and beet; these can only be used for technical purposes with a view to releasing edible fats for human consumption.

The possibilities of grapestones, beech-nuts and horse chest-nuts are being explored.

The meat situation appears very difficult. Rationing is most severe and the effects of foot and mouth disease are being felt.

### FODDER FROM RUSSIA

By the importation of fodder from Russia it is hoped to increase the number of pigs in Germany.

Sea fishing is reduced to a minimum.

The situation regarding leguminous plants, like peas, is very unsatisfactory and the total crop in

Germany proper last year produced only 524,000 tons.

### SHORTAGE OF TIN

In addition, the canning industry is suffering a shortage of tin for cans.

The Polish territories are expected to help to make up the general deficit, particularly in grain, meat and eggs, but little butter can be hoped from them.

The grain situation is generally good and the position regarding potatoes is also not unsatisfactory, as only twenty-five per cent of the total crop is needed for human consumption though this percentage is expected to increase considerably on account of the shortage of other commodities and a special reserve of two-million tons is being laid aside.

## U.S. CALLS FOR BIDS FOR FAR EAST SHIPPING SERVICES

WASHINGTON, Dec. 18 (Havas by Airmail).—The United States Maritime Commission has invited bids for services operating to the Far East.

The call was for bids for purchase or bareboat charter of the American Pioneer Line's Australian and Far Eastern services and for the Puget Sound Orient from Seattle to the Far East.

These are the last three lines being operated directly by the government, and disposal of them will take the government out of the shipping business, at least for the time being. The bids are to be opened at noon on January 5.

## INDIAN LOOMS FOR CHINA

CHUNGKING (By Mail) (Central).—The first two Gandhi looms bought in India by the National Relief Commission are in Kunming, awaiting trans-shipment to Sian. They will be installed at the refugee factory at Minsien near Sian, where they will be used not only for weaving and spinning but also as models for the construction of similar looms.

Efforts are made to manufacture

## JAPANESE BUSINESS AFFECTED

WASHINGTON, Dec. 18 (Havas by Airmail).—Japanese business conditions are being seriously affected by difficulties in shipping due to the European war and by the uncertainty over trade relations with the United States. James W. Young, Director of the Bureau of Foreign and Domestic Commerce, said here in a weekly review of cable and radio reports from American commercial attaches in Tokyo and other capitals.

An additional factor operating adversely on Japanese business is the increase of governmental controls. Mr. Young said.

Mr. Young also reported that Japanese foreign trade for the first eleven months of the year had shown a gain of one-third in yen value of exports over the exports for the corresponding period of 1938. Imports had risen more than one-fifth, leaving a considerable export surplus.

As many looms as possible at home in view of the high costs involved in the purchase and shipment of the machines from India. The rate of production of a Gandhi loom is said to be equal to that of 100 hand weaving machines of the primitive Chinese type.

JULY-SEPT.	—	11-1/2	Up 1/16		

The market was quietly steady.

**NEW YORK COTTON:** January position led the advance under covering by shorts, scarcity of offerings, moderate price-fixing and good foreign demand. Sentiment is generally bullish on the outlook, on the belief that the tightness in "free supplies" and the firm attitude of the farmers are likely to warrant higher prices. There were heavy sales of textiles at advanced prices.

**NEW YORK RUBBER:** The trade is expecting improving consuming demand and also increased C.I.F. offerings on advances.

**CHICAGO WHEAT:** Crop reports from the South-West are unfavourable. Purchases by cash houses and short-covering are stimulating the market. A leading grain expert stresses that rainfall of the past week is insufficient to relieve the situation and that the drought continues to be severe.

**NEW YORK HIDES:** The market is statistically sound. Speculative buying today was large.

**NEW YORK STOCKS:** Previous close, 150.34; Today's close, 151.43; Change, Up 1.09.

## NEW YEAR TELEGRAMS EXCHANGED BETWEEN KING AND M. LEBRUN

LONDON, Jan. 3 (Reuter).—The text is published of the New  
Year telegrams exchanged between His Majesty the King and  
M. Lebrun, President of France.

### Hockey

### R.E. NO MATCH FOR CLUB

The Royal Engineers, fielding  
several reserves, proved no match  
to the Hongkong Hockey Club in  
a friendly hockey game played at  
King's Park yesterday. Club won  
2-0.

Shaw made a welcome reap-  
pearance for the Sappers at in-  
side-left, but the R.E. forward  
line seemed to lack dash, and  
could make but scant headway  
when challenged by the Club de-  
fenders. Fox was missed at left-  
wing, and an overdue dependence  
on the inside-forwards was no-  
ticeable.

Club were not fielding their  
strongest combination, and Black-  
ford, down to play at left-wing,  
did not put in an appearance. A  
second absentee was T. D. S.  
Whitley. The Club forwards were  
well in the game, however, and  
had more of the attack. The goals  
were scored by Divett and Fowler.

### The teams:

Club: V. M. Benwell, V. C.  
Bond, E. V. Reed, H. J. D. Lowe,  
W. A. Reed, and N. B. M. Whit-  
ley; S. A. Fowler, D. de S. Carey,  
G. E. R. Divett, D. T. Smith, and

His Majesty said: "At the be-  
ginning of the New Year, which  
finds our nations so closely united  
in a renewed struggle against  
senseless aggression, I address to  
you my warmest wishes for your  
health and happiness and for the  
success of the French people in  
the great efforts which they are  
making, together with their Brit-  
ish ally, for the defence of lib-  
erties which to them is so dear."

### JOINT VICTORY

"It is with the greatest con-  
fidence that I foresee the accom-  
plishment of a joint victory  
which will allow our respective  
countries to enjoy the blessings of  
peace which will be untroubled by  
violent threats repeated, by those  
who showed so clearly their aver-  
sion for any peace with their  
neighbours other than that of  
subjection and oppression."

M. Lebrun replied, expressing  
fond wishes for the happiness of  
their Majesties the King and  
Queen "that the British people  
should share with the French,  
during this year, definite success,  
which they deserve by so many  
common sacrifices made for the  
most just of causes."

## "War Against Boredom": Welfare Organizations To Provide Relaxation

### SOY BEAN'S RISE AMONGST U.S. CROPS

NEW YORK, Dec. 18 (Havas).  
By Air Mail.—The latest statistics  
of the Department of Agriculture  
show the remarkable fact that the  
soy bean has risen in rank to  
eighth place among United States  
crops, rating just below barley  
and just above peanuts.

Chicago grain men, reporting  
a tremendous increase in the ex-  
port of soy beans, attribute it to  
the war, which by shutting off  
supplies from Manchuria, has  
stimulated the demand from  
Europe, which is depending in-  
creasingly on the United States  
for its requirements.

### HIGHER PRICES

It is to be noted, they say, that  
Denmark, Norway, Sweden, the  
United Kingdom, Holland and Bel-  
gium are the principal buyers of  
American soy beans. Exporters  
estimate that 10,000,000 bushels  
may be cleared for export to  
Europe during the month of  
January.

This foreign trade promises to  
give producers a return of over  
\$10,000,000 for the year 1939, for  
prices are twenty cents higher a  
bushel than they were a year ago.

LONDON, Jan. 3 (Reuter).—A  
great step forward in "the war  
against boredom," which has been  
waging while active operations  
are delayed, has been taken by  
the decision of the military au-  
thorities that various social wel-  
fare organizations, such as the  
Salvation Army, Y.M.C.A. and the  
Church Army, may now go ahead  
with plans to provide canteens  
and social centres for troops in  
the British Zone, says Reuter's  
special correspondent with the  
B. E. F.

### PLANS OUTLINED

The Organising Secretary of the  
Y. M. C. A., interviewed, outlined  
plans to establish centres com-  
prising recreation rooms, reading  
and waiting rooms, concert halls  
and canteens staffed by several  
hundred Y. M. C. A. workers,  
while a fleet of fifty large vans,  
fitted as travelling tea-shops and  
libraries combined will visit iso-  
lated posts and units.

### S. A. CENTRES

Colonel Booth Davey, leader of  
the Salvation Army in the British  
Zone, said there will be Salvation  
Army centres in twenty-four  
towns, of which eleven have sleep-  
ing accommodation for troops

## FAST AND EXCITING POLO GAME

### DURHAMS LOSE BY ODD GOAL

The Durham Light Infantry met  
a scratch Hongkong team at polo  
yesterday on the Boma-y Street  
ground and lost by the odd goal  
in seven after a fast and exciting  
game.

It was the first time that the  
Durhams were seen in action at  
polo in Hongkong and the standard  
of play shown by the north-  
country regiment gives every  
promise that they will do very well  
in local polo tournaments.

Starting level, the Durhams ap-  
peared somewhat slow in the first  
chukker, but warmed up as the  
game progressed and scoring goal  
for goal with their opponents were  
three all at the end of the third  
chukker.

### BURN BRILLIANT

Excitement ran high in the  
fourth chukker as both sides pressed  
hard and play veered from side  
to side. Eventually, Capt. Burn,  
playing as brilliantly as ever, and  
ably supported by Lt. T. W. Chat-  
tey scored the winner for the H.K.  
team and the game ended with  
the Durhams losing by three goals  
to four.

A disappointing feature of the  
game was the number of free hits  
awarded the Hongkong side, but  
unintentional fouls are to be ex-  
pected in the excitement of fast  
play.

The teams lined up as follows:—  
HONGKONG—Capt. S. Burn, Lt.  
B. T. C. Forrester, Capt. Chattey  
and Lt. T. W. Chattey.

DURHAMS—Capt. Fox-Davis,  
Major Simpson, Major Ardenne and  
Major Kirby.
